EN

MASCOT ADVANCED ULTIMATE STRETCH and high wear resistance

# HIGH WEAR RESISTANCE WITH FULL FREEDOM OF MOVEMENT

Functional workwear with multiple features, great freedom of movement and exceptional durability. MASCOT® ADVANCED is workwear for you, who needs functional details and great comfort all day long. The trousers are a combination of a low weight and stretch, which gives you the feeling of trousers you do not want to take off. MASCOT® ADVANCED is for you, who demands a bit more from your workwear without compromise.

# ULTIMATE STRETCH WORKWEAR

Read more at MASCOT's website [www.mascotworkwear.com/ultimate-stretch](http://www.mascotworkwear.com/ultimate-stretch)

# Trousers

## Trousers in stretch with extremely durable knees

- Unique freedom of movement with ULTIMATE STRETCH.
- Extremely durable and robust – in particular on knees.
- Greater comfort through ventilation at the knees.
- Detachable holster pockets.
- Water-repellent.

A person's profile is visible on the left, wearing a headlamp that casts a beam of light onto a dark, textured wall. The wall has a small, irregular hole or opening. The floor is a light-colored, tiled surface.

# Tested to Work

Read more at MASCOT's website [www.mascotworkwear.com/tested-to-work](http://www.mascotworkwear.com/tested-to-work)

# Layer up

Count to three when getting dressed for the working day.

Stay dry

Stay warm

Stay protected from the elements

Combine layers depending on the ambient temperature and your level of physical activity.

Read more at MASCOT's website [www.mascotworkwear.com/dress-in-layers](http://www.mascotworkwear.com/dress-in-layers)

# Layer 1:

## A moisture wicking layer

The clothing you wear right next to your skin should have an excellent ability for absorbing perspiration, distributing it over a larger area and leading it away through the other layers of your outfit.

17281

T-shirt, long-sleeved

17283

Polo Shirt with chest pocket

# Layer 2:

## A warm and insulating layer

Above all else, the middle layer should be insulating and breathable. If it is particularly cold outside, try several thin, insulating layers.

17103

Fleece Jumper with zipper

17165

Thermal Gilet

# Layer 3:

## A layer to protect you from the elements

The outer layer needs to be breathable to expel moisture. In addition, it should also be wind and waterproof/water-repellent.

### Stay warm with CLIMASCOT®

CLIMASCOT® Lightweight Insulation is an advanced, lightweight lining with excellent insulation properties. The lining is both breathable and quick drying. On an active day, the CLIMASCOT® lining will make sure that your body can easily expel excess heat, and it will keep you from getting cold and wet. All while providing an exceptional level of comfort. The lining material is made from 35% recycled polyester.

A person wearing a white uniform is shown from the chest down, holding a piece of workwear fabric. The fabric is light-colored with a dark, textured pattern. The background is a blurred industrial setting with white and blue panels.

# CHOOSE YOUR FAVOURITE WORKWEAR EVERY TIME

We would like to produce your favourite workwear. Workwear you would like to use again and again and that meet your needs for function and comfort. Your favourite workwear needs to be of the highest quality and produced responsibly. When we say decency, we mean production characterised by efficient resource usage and the lowest possible levels of waste and emissions as a result. And naturally, it needs to stand up to heavy use. Our goal is that every single one of our products become your favourite workwear that you will use time after time and as long as possible. This will not only benefit you, but also the environment.

# Being TESTED TO WORK is a commitment

Society expects modern companies to work continuously to become and remain a sustainable business. Companies must balance their environmental, social and financial bottom lines in order to contribute to a more sustainable future for both current and future generations. Here at MASCOT, we take great pride in doing our part, but we also remain humble in our approach towards these goals.

## Long-lasting products

MASCOT is your guarantee for long-lasting workwear made with respect for the environment and for people. The longer your clothing lasts you, the smaller the climate footprint of each product will be.

## Own production facilities in Vietnam and Laos

Here at MASCOT, we sew all our clothes ourselves. We have 3500 colleagues in Vietnam and Laos who produce our workwear and winter clothing. Our colleagues work within a European work culture and under secure contract conditions.

## Socially responsible production

75% of MASCOT's products are produced at SA8000-certified factories. SA8000 guarantees a secure and decent work environment as well as good working conditions.

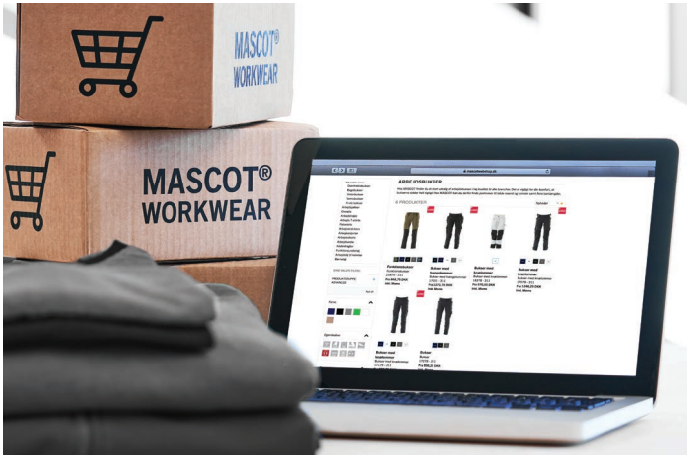

## Working for a sustainable future

MASCOT works strategically on the UN's 17 Sustainable Development Goals and places particular focus on goal number 12 – responsible consumption and production.

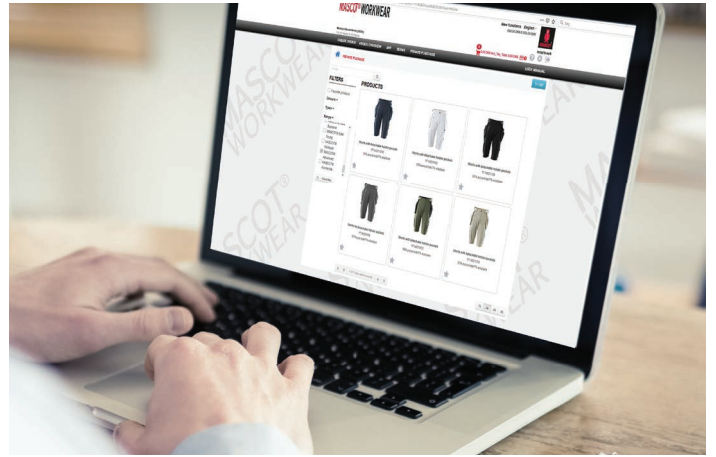

### An all-in-one solution

It is not just our products which are TESTED TO WORK. Easy ordering, good service and fast delivery are all included when you shop with MASCOT.

### Smart system for workwear orders

The MASCOT® SmartStore is an online logistics and ordering system for the fast, simple and problem-free placement and management of orders.

### A global workwear solution

Does your company work across several countries? MASCOT can make purchasing workwear simpler via a special procurement solution for your business – available worldwide.

### Size chart

Find your MASCOT size. We will help you find the perfect size.

### Printing and embroidery

No matter which ordering solution you choose, it is always easy to add a logo or embroidery to your order.

### Individual product adjustments

Are you a larger company with a need for special orders or other individual adjustments? We offer tailored solutions that provide you with workwear to meet your needs.

MASCOT® is a registered trademark, owned by Mascot International A/S.
